## Premium Stem Cell Supplement

StemActive Pets is a premium stem cell supplement designed to enhance the health and longevity of your pet. Formulated with HealthyHome's proprietary Klamath Blue Green Algae, StemActive Pets is not just another supplement; it's a leap forward in pet health. This daily chewable uses patented technology and breakthrough stem cell research to deliver the most effective ingredients, providing your pet with optimal health.

### Features & Benefits

- **Activates Stem Cells:** Proven to increase the number of circulating stem cells, aiding in tissue repair and the natural aging process.
- **Increases Longevity:** Enhances the body's natural repair mechanisms to extend pets' healthy years.
- **Improves Mobility:** Supports joint health and mobility, enabling pets to remain active and playful.
- **Supports Digestion:** Promotes better digestion and nutrient absorption, leading to improved overall health.
- **Boosts Immune Function:** Contains antioxidants properties to support a robust immune system.
- **Uncompromised Quality:** Manufactured in the USA with rigorous standards, free from corn, wheat, soy, and artificial preservatives.

### Key Ingredients

**Blue Green Algae:** Contains Klamath Blue Green Algae (Aphanizomenon Floe-algae), which increases the number of circulating stem cells in pets' bloodstreams, aiding in tissue repair and supporting the natural aging process.

**Curcumin BioBDMC™:** Uses a patented technology to deliver a highly concentrated form of curcumin, providing powerful antioxidant benefits, improving joint, skin, and coat health, and enhancing gut health.

**Glucosamine HCl:** Supports joint health and mobility, protecting against wear and tear, and preventing joint discomfort, particularly beneficial for aging or highly active pets.

**StemPet Proprietary Blend:** A combination of Blue Green Algae, Glucosamine HCl, and Chondroitin Sulfate, promoting joint health and activating stem cells to support physical and cellular health.
